AMENDMENT

In response to the Office Action dated October 2, 2001, please amend the subject
application as follows.

IN THE CLAIMS

Please amend claim 16 as follows:

16. (Amended) An elevator door system comprising:
- an elevator car having a front face defining a door opening;
 - at least one elevator door coupled to the front face of the elevator car for movement between an open position exposing the door opening and a closed position covering the door opening;
 - a first sheave and second sheave disposed on the elevator car;
 - a rope forming a closed loop about the first and the second sheaves wherein the door is attached to the rope; and
 - at least one flat drive motor disposed on a front portion of the elevator car and integrated onto one of the sheaves such that the drive motor is drivingly coupled to the rope for moving the elevator door between the open and the closed positions.
